

WAYS TO REDUCE YOUR PERSONAL CARBON FOOTPRINT

GET FIT WHILE YOU HELP THE ENVIRONMENT!

Use stairs rather
than elevators

Commit to ride
your bike one day
per week rather
than using some
other form of
transportation

Consider organic
and local foods

REDUCE WASTE AND HELP YOUR GARDEN!

Compost!!

Boiling water, or
straight white
vinegar will kill
many weeds...
which, once dead,
can be composted

SAVE MONEY WHILE REDUCING POLLUTION!

If replacing power
lawn/garden tools ,
choose green options
(e.g., electric)

Carpool!

Consider only high
energy alternatives
when replacing
appliances, furnaces,
vehicles...look into
tax breaks as well!
